

Please follow all directions carefully for an accurate measurement.

IMPORTANT:

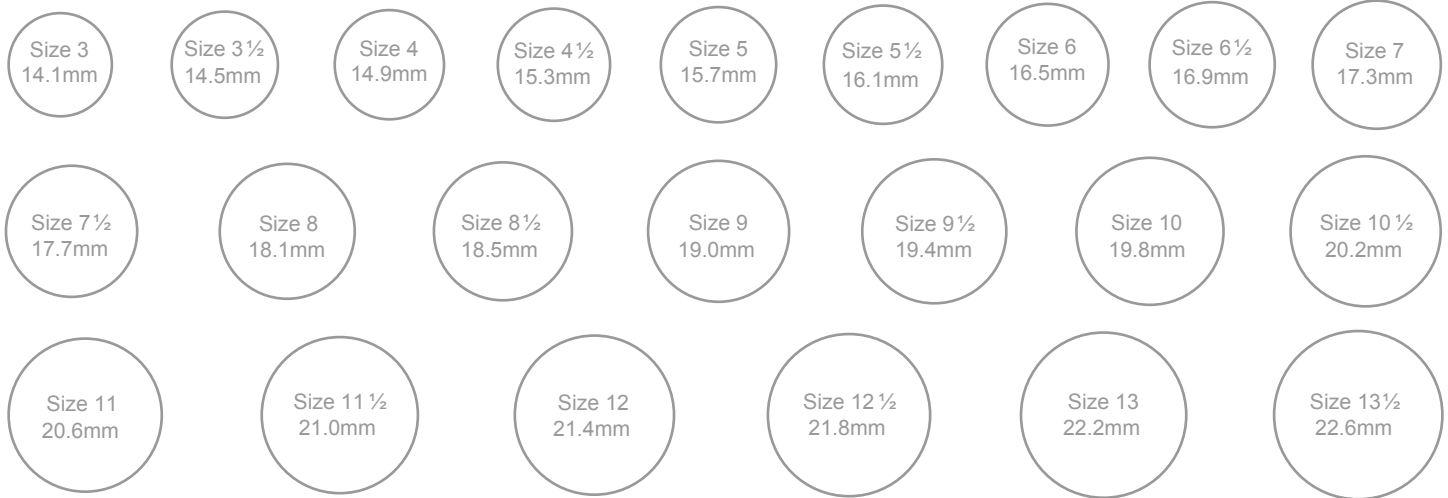

Before printing the ring sizer, please check your print out using the following directions:

- a. Prior to printing, set scale to 100%.
(Windows users press ctrl+p or cmd+p for Mac users)
- b. After you print this document measure the bar. The match has to be 100%
(20 Millimeters or 1 inch).

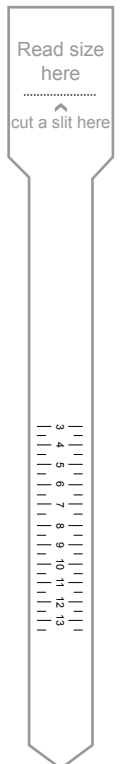

Measure Current Ring (millimeter sizes = diameter)

- 1. Select a ring that fits the intended finger.
- 2. Place it above the circle until you find the perfect match.
(Match the inside edge of the circle. If you are not able to find the perfect match always choose the larger size.)

Paper Ring Sizer

- 1. Print and cut out ring sizer below. Cut a small slit where indicated at the thicker end
- 2. Slip the pointed end of the ring sizer through the slit
- 3. Slide sizer past knuckle and tightly secure around the base of your finger
- 4. The number that appears where it says "Read Size Here" is your approximate ring size
